Well, here it is...our first CD.
Lots of roads converged and planets aligned for us to finally record this. We hope you enjoy. For those of you who have seen us at Music City Texas Theater in Linden, the CD is a compilation of songs you've heard there. For those of you who haven't heard us, sit back and listen. If you like it, come by the Theater. Visit the Theater online at www.musiccitytexas.org and check out upcoming events.
Dedicated to David Lovelace, our brother.
